Dear Mr. Muller:

The San Francisco Bay is filled with trash. This trash destroys recreation, impacts water quality and kills marine wildlife. Your Board's proposed permit plan would require cities and counties to meet a cleanup quota of 100 pieces of trash for every 100 feet of trash within trash "hotspots". This does not go far enough. Our precious Bay deserves the highest level of protection and this means no trash whatsoever. Please move more seriously towards this goal by significantly increasing the Board's quota.

Sincerely,

Andrew Dunlap
